NO TIME WASTED.

Prompt Action is Pleasing Many Frankfort Citizens.

Get down to the cause of every thing. Bad backs are caused by sick kidneys.

Cure the kidneys you cure backache.

Doan's Kidney Pills are for kidneys only.

No time wasted trying to cure other troubles.

Frankfort people endorse their merit.

W. M. Johnson, market man, residing at 340 Blanton St., says: "My son, Lorenzo, was greatly benefited by the use of Doan's Kidney Pills. Some time ago he had a bad spell of rheumatism, the attack being so severe that he was hardly able to move about. From that time on his kidneys seemed to be badly affected for he complained a great deal of a steady, dull aching pain across his back and sharp pains in his kidneys especially if he stooped or lifted anything. A weakness of the kidney secretions was very annoying at night as it disturbed his rest. One evening I saw Doan's Kidney Pills advertised in our papers and a box was procured at J. W. Gayle's drug store. He began taking them at my request, and to my glad surprise, as well as his own, he noticed almost immediate relief. In a short time the backache had entirely left him, the difficulty with the kidney secretions had been corrected and he felt as well as ever did."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

IS THE MOON INHABITED.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by all druggists. Price only 50c.

THANKS.

Dr. W. Lee Critcher has placed us under obligations for a nice lot of apples. They were both fine looking and fine eating. We tender our thanks to our friend for his courtesy. He is selling these apples on our streets almost every day.

CIRCULAR LETTER IS SENT BY SUPERINTENDENTS TO TEACHERS OF TRI-COUNTY INSTITUTE.

Franklin county school teachers are looking forward with much interest to the session of the Tri-County Institute which convenes in Versailles, October 15. The school superintendents of Franklin, Scott and Woodford, the three counties which participate in the institute, have issued the following circular to the teachers. To the Teachers of Franklin, Scott and Woodford Counties:

The Tri-County Teachers' Institute will convene in the courthouse, Versailles, Ky., 10 a. m., October 15, 1906. Prof. T. C. Cherry will assist in conducting the meeting. The object of the Institute, as outlined in the school law, is for the mutual improvement of the teachers and the advancement of our educational interests. This is accomplished in the Institute by a thorough discussion of the work of the teachers and an exchange of ideas on all subjects pertaining to education.

While the law requires all persons holding teachers' certificates to attend the full session of the Institute, we are glad to note the teachers of Franklin, Scott and Woodford counties are ever ready to discharge their full measure duty from a sense of the high moral and intellectual obligation resting upon them.

All friends of education are invited to attend this meeting.

Come prepared to take part in all its exercises, and it will be an intellectual feast of mutual benefit to all. Respectfully,

E. R. JONES,

Supt. Franklin County.

E. R. LANCASTER,

Supt. Scott County.

M. B. HIFFNER,

Supt. Woodford County.

Section 110.—(Who must attend.)—Every teacher of a common school, including teachers of the graded common schools in cities of the fifth and sixth classes who hold a State diploma, State certificate or county certificate or who contemplate applying for certificate of qualification to teach in the common schools, shall attend the full session of the institute in his home county unless he is teaching in another county in which the institute is yet to be held, or has attended the institute of a county in which he has a contract to teach. If teaching in a county other than his home county, whose institute is yet to be held, he must attend the full session of the latter. The county superintendent shall revoke the certificate of any teacher who shall fail or neglect to attend the full session of the institute, unless the superintendent shall be fully satisfied that such failure has been caused by actual sickness or other disability.

Arrangements for reduced board will be made for all visiting teachers.

Suit Buying Has Begun in Real Earnest

Things have been lively all the week in our BIG SUIT DEPARTMENT.

Many women who have gone the rounds in this city, as well as in larger cities, looking for the best styles and best values have come to our store to buy, being Thoroughly Convinced that we have the largest varieties in this city, the same styles carried by the most reputable stores in larger cities and offer the best values to be found anywhere.

Extremely fascinating are the suits we offer at

\$15.00, \$16.50, \$17.50, \$20.00 \$22.50 and \$25.00.

When seen the temptation to buy one of them is irresistible.

Come and let us convince and please you as we have pleased others.

C. KAGIN & BRO.

HEAVY LOSS OF LOGS.

Messrs. T. J. Congleton & Bro. were so unfortunate as to lose about \$5,000 worth of logs by the fresher in Benson creek, on Saturday night, when the water rushed out two feet higher than the surface of the river, sweeping the log away from their moorings down the river over the dam.

We are glad to say that some of these logs were caught and landed below town, but, of course, at considerable cost to this enterprising firm.

CAN YOU WIN?

Can you win? You realize that to win in anything these days, requires strength, with mind and body in tune. A man or woman with disordered digestive organs is not in shape for a day's work or a day's play. How can they expect to win? Kodol For Dyspepsia contains the digestive juices of a healthy stomach and will put your stomach in shape to perform its important function of supplying the body and brain with strength building—blood. Sold by J. W. Gayle.

HOSSTETTER SALE.

The sale of fine hogs, potatoes, etc., by Mr. John P. Hostetter, on Friday last, was well attended and very successful from a pecuniary point of view, with the exception of the high grade hogs, which went at the price of ordinary stock. We regret to see that our farmers are not up to the point that they appreciate the value of high class stock in this line.

Mr. Hostetter was very well satisfied with the sale, and says that if he lives he will have another sale next fall.

Dr. Weaver's Treatment.

Syrup purifies the blood, cures skin eruptions.

POWERS CASE CONTINUED.

In the Scott Circuit Court, on Monday, the case of Caleb Powers, charged with conspiracy to murder Wm. Goodell, was called on motion of the Commonwealth, was continued until the February term of that court. The motion for bail was made and consideration withheld for a time. It was stated that James Hargis was indicted for murder in two cases and was all well bail, and there was no reason why a difference should be made.

They work day and night and you get up in the morning feeling like a new person.

THE SUNDAY-SCHOOL INSTITUTE.

The first of the series of Sunday-school Institutes was held in the rooms of the Y. M. C. A. on Monday and Tuesday.

A number of exceptionally good addresses were delivered.

Owing to the miserable weather the attendance was not what it should have been.

It is hoped, however, that much good will result from the meeting.

Polsgrove is on the boom. The merchants are doing active business, and the churches are progressing.

People in this community are about through cutting tobacco, although the tobacco crop is damaging, both on the seabed and in the barn. The leaves are rotting and dropping off the stalk.

Corn cutting has been in progress for some time.

During the last rain Flat Creek was higher than it has been for a long while.

The corn crop has been damaged a great deal in the creek bottoms by the high water.

Farmers are selling the damaged corn at 72 cents and \$1 per barrel.

VICTIM OF "REFORMED" FOOT BALL.

A sixteen-year-old son of Mr. Jos. W. Hadden, State Inspector of Printing, was very badly injured in a game of foot ball, at Mr. Sterling, on Wednesday. In making a "tackle" he was thrown violently to the ground and was rendered unconscious. Concussion of the brain developed and the lad is in a very precarious condition.

And this under "reformed" rules.

NEITHER WATER, NOR FIRE,
NOR EARTHQUAKE.

Col. John W. Milam was in receipt, a few days ago, of two Milam fishing reels, sent for repairs, that had gone through the fire and earthquake at San Francisco. The reels were blackened by the heated smoke, and the softer metal of the click and drag faded by the intensity of the flames, but when the latter were removed and a few drops of oil added, the durable and substantial mechanism of the reel ran with the same precision and smoothness as when first from the shop. With new click and drag, and the German silver burnished to its original brightness, these fire and earthquake tested reels will be returned to their proud owners, as ready for eternal service as when originally purchased. It has already been demonstrated that a twenty-odd-year bath in the water and mud of a river bottom can not destroy the Milam reel, and now is added the futile attempt of fire and earthquake to obliterate these splendid specimens of mechanical skill that have delighted the hearts of anglers throughout the known world.

COUNTY COURT DAY.

One of the largest crowds present at county court in a long time were here on Monday last. Owing to the heavy rains of Saturday, but little work could be done by the farmers and they came to the city to see their neighbors and friends.

The condition of the corn and tobacco crops were reported as very much impaired by the almost continuous rains of the last few weeks. Some farmers stating that corn was beginning to sprout at the end of the ears where the ear had pushed out through the sheath on account of excessive growth, and thus letting the water run down on the corn itself.

Those who had been fortunate enough to get their tobacco into the barn in good shape, reported that they were already stripping, this being unusual so early in the season.

There was quite a large amount of stock on the market.

Mules were especially in demand and brought fine prices. Some

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them and a cramp of vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, no more frequent headaches and morbid tendencies, you should at once get Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me a splendid appetite. I cannot speak too highly of it, and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. I am not having it and I take no other. It is simply splendid. Hoping this will benefit some poor sufferer, I remain,"

HEAVY RAINS

On Saturday night last one of the heaviest rains of the season visited this city and vicinity, doing great damage to growing crops, turnpikes and railroad tracks. Quite a number of serious landslides were made on turnpikes, and a washout of the bank supporting the railroad track in the yards on the West Side made things very shaky for railroad operations.

GOOD MAN STRICKEN.

On Monday last Mr. James H. Martin, who lives in the Benson neighborhood, came to this city to attend the meeting of the Association Board of the Franklin Baptist Association. After the Board adjourned Mr. Martin was mingling in the crowd on the street, near Elks' Place, when he was stricken with paralysis.

He was taken into the office of Dr. N. M. Garrett, where he was given treatment. Later he recovered sufficiently to be taken to his home.

Mr. Martin is one of the best citizens of this county, and has been our life-long friend.

We trust he may recover entirely from his trouble.

CAPITAL CITY "HASIL."

By Johnny-Get-Your-Gun.

The frequent rains since April and the rank growth of vegetation are likely to result in much sickness during the fall and early winter. Some cases of typhoid fever are already reported. Attention should be given by the authorities and by individuals to a thorough cleaning up of all premises and to the free use of disinfectants. All decaying vegetable or animal matter should be removed, sewers opened up, and lime, carbolic acid solution or copperas sprinkled wherever bad smells arise. Clean up your own premises and then your neighbor is likely to clean his.

"Things are not as they used to was" when we were young. Children were not then permitted to roam the streets until 8, 9 and even 10 o'clock at night, indulging in boisterous games, learning to smoke cigarettes, and listening to bad boys curse and swear. No, no, they were kept within the lines of the family premises and of the family circle and influence after the arrival of the hour of candle lighting. If you love your children learn them to love you by personal association after the business hours are over and night draws down its curtain. Keep them off the street when the hour arrives for the night owls to hoot. It will save you many a sigh and headache in days to come.

The Texas broncho, the Arkansas gaudy-tail and B. L. D. Gully's sap-pin-paw were supposed to be the only untamed beasts that knew no law, felt no bridle and acknowledged no master, but Wingate Thomson's blind tiger demands to be heard as a fourth addition to the picturesque, potential and painted list of unconquered terrors. Fearing neither court nor constable, neither preacher nor prosecutor, it shrinks alone from Uncle Sam, who has no axe to grind, seeks no office and administers the law to friend and foe alike. Here's to Thomson's Blind Tiger—nix cumbars, E pluribus unum, Erin go bragh!

The little mule is not to be despised. A few days ago, a wagon loaded with heavy machinery, and drawn by two big grey horses, was stalled on the railroad track at the crossing of High street. No persuasion or whipping could ludge the team and extricate the wagon. Shortly, a wagon came along drawn by two little mules. One of the mules was unhitched and his single toe attached to the tongue of the stalled wagon. The driver yelled "Walk up, Billy," and the little mule squatted a moment and then "walked up" the street, drawing the two big horses and the loaded wagon after him.

Somebody will get killed if the random firing of guns and pistols, along the river bank and on Fort Hill, isn't stopped by the authorities. Surely a day or night but such firing is heard. A random bullet struck the brick wall near the window of a citizen's residence in the West End, the other day. The law against shooting in the city limits should be enforced.

SULTAN—A STORY OF KENTUCKY.

To-day, as Carlos and I walked across the bluegrass pasture to the Elkhorn cliffs, near Bellsgrove, Franklin county, Kentucky, he said:

"Do you notice the heavy bloom of the locust, Nelly? Isn't the perfume sweet? It is a good hour to tell you our family story—legend of Sultan and the blossoms."

I expressed willingness to listen and looked about us at the grove of locust trees wearing the blossoms of white fragrance as a bride would wear her veil.

After we were seated Carlos told me the story.

"It was in the early settlement of Kentucky, that our great-grandparents removed from Virginia to this county, which was then a part of the old Dominion. They brought with them a number of slaves, born on the estate, and considered a part of the family. From these black faithful friends descended Uncle Ike, and Sarah, Grand Pappy, ol' Boss Thomas, Phoebe and little missy's nurse, Viny—the brightest eyed whitest tooth and blackest skin of all the pickaninies. She it is whose story runneth thus—to the fifth generation of Fenwick's, race here owners, and on whose farm the beautiful "Nantura" gave to the world of sport the noblest steed of all—Sultan.

In those days, it was customary to spin yarns and weave flaxon cloths from which was made the garments for the white as well as the black people, and "little missy's nurse" Viny was given her 'cho' and expected to have so many hanks in readiness for Phoebe, who managed the working establishment and told on those who idled or refused to work.

The "hoss man," Thomas, was

head over the stock interest which stock was fine and need for money.

Among these thoroughbreds was Sultan, a dark gray, raised by hand, gentle at times as a little child, and at others savage as a wild broncho on the plains of Moro.

Viny loved the animal, she had raised it from the bottle. Taught him all manner of tricks—to leap bars: lie down as if dead: rise on his feet and run when she said: "Patrol arter ye, Sultan, blue coats round."

Young Marse Craig had enlisted in the war of 1860, and he being also the idol of little missy and Viny, must have Sultan to ride.

When the order came for him to go it was in May—and the locust in full bloom—he plighted his troth to Jenny, the sweetest maiden in the "bluegrass," who gave him her heart and her hand, with her "knitted scarf of blue tucked in the breast pocket of his coat of gray. Little Missy cried on his bosom, her mother wept silently, old master looked sad, while Viny went to give Sultan an extra love tending. In some way she must have frightened him by her slap on his hip for he gave one kick and the poor child fell to the earth as if a shot had pierced her brain. When little Missy's nurse, Viny, came to her senses she was on a steambot going down the Ohio on to the plantation of "Marse Jeff Davis," where old master thought his property could be secured. She was never right-minded, but was put in the house to wait on the table, and dress Miss Winnie's hair.

The servants raised cotton and were on the plantation for two years when old master came after them, bringing them down the Mississippi in a flatboat, and where they saw a "mere maid" combing her hair. Some one shot at it when an awful storm arose and but for a passing steamer the entire party would have been lost.

After they reached the Kentucky shore, the old master, with the servants concluded to walk through the country, until they reached a short line of railroad, which would convey the party to the house of a friend.

On the homeward way "old Marse" stopped at the home of a "sympathizer," putting the negroes in a room with himself he watched until they slept, and then fell asleep. Viny wakeful-eyed and as faithful as a dog, stole carefully to his side and took his money bag, hiding it in her bosom, then hearing strange noises in the left awake him, and together with the rest fled into the night saved from a party of Federalists who had waited their arrival. When the party reached home it was to find old Miss and little Missy in tears at news of young

Marse Craig's being wounded, and Viny, foolishly as ever, proffered to go after him.

It is recorded that she found him and putting him on the back of Sultan, led the cavalier and his steed through the lines of the enemy and home again. It was a brave deed which the dusky friend accomplished. It won for her a medal and the devotion of a whole life. In the May day of '65, when war was ended, young Marse Craig married Jenny, Sultan was crowned with locust blossom and the happiest person in the crowd was Viny, who to-night shall tell us how the brave horse lost his life. DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for women's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is a combination of the delicate diseases peculiar to women, the maker, which is not at all to take patients into his full confidence, by printing upon each bottle a wrapper all the ingredients entering into its composition. Ask your druggist if this is not true. "Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of medicine, recommended them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicine is made, and doubtless you will be convinced that it is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flattered before the public, in favor of the absolute compounds.

"The Favorite Prescription" cures all women's peculiar weaknesses and derangements, thus banishing the periodical headaches, nervousness, indigestion, dizziness, tenderness and dragging-down sensations in lower abdomen, accompanied by yawning and disagreeable catarrhal, pelvic drains and kindred symptoms. Dr. Pierce and his staff of skilled assistants, in their regular business, are treated as strictly confidential. By consulting in this way the disagreeable questions and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over a thousand pages. It is sent free paid, on receipt of ten cent in convenient stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One laxative, two or three cathartic.

Vital Questions

What does the Doctor Prescribe?

What does the Druggist Supply?

Health often balances between these two questions. Life itself may depend on the precise filling of a prescription with drugs of absolute standard strength. Many druggists who fill prescriptions carelessly are not careful about the reliability or potency of the remedies used. We are careful about both. We see to it that all our drugs have the precise strength they should have, and they are always compounded with scientific accuracy.

Weak Kidneys Bright's Disease and Diabetes

Use Dr. Shoop's Restorative to Cure the Cause, If You Suffer From These Symptoms.

Here are the symptoms of kidney complaint: Urine laden with sediment, brick dust in urine, highly colored urine, greasy froth or blood in it, strychnine in urine, unusual desire to urinate, pain in passing water, pain in the back and over the kidneys, dry and itching skin, hair dry and brittle, painful joints, loss of energy, nervousness, dizziness, loss of memory, general debility, irregular action of bowels, disorders of eyesight, neuralgia, vertigo, headache, many shifting pains, one foot to the other in an inveterate standing, or treatment, none. Most of these are the result of kidney complaint. They are all really kidney ailments. They excite the kidneys to unusual action. They cause the kidneys to secrete poisons. They are the cause of the most serious kidney diseases. Don't try to cure the kidneys themselves, for you will only harm them. Their only strength is nerve power. Dr. Shoop's Restorative (Tablet or Liquid) vitalizes the nerves that operate the kidneys. Sold and recommended by "ALL DEALERS."

WRECK ON THE L. & N. LINE.

There was a wreck on the L. & N. R. R. just above London, on yesterday. A fast passenger train ran into a freight, smashing four or five cars, and injuring a number of passengers. Those able to walk went across to the Interurban Road, and several who were too badly hurt were taken on stretchers to that road and carried into Louisville.

No one was killed outright, but several badly injured.

COUNTRY CLUB MEMBERS INVITED TO SUBSCRIBE TO STOCK IN REALTY COMPANY.

The following open letter has been addressed by the special committee:

To Members of the Country Club:

The committee of three appointed by the Country Club to negotiate terms, etc., for the purchase of grounds adjoining and upon which the club house stands, has come to an agreement with the owner of the land whereby 30 acres in a solid body may be acquired.

The securing of this property necessitates the organization of a Realty Company. Preliminary steps have been taken and stock is now being offered for sale, first to active and associate members of the club. The par value of each share is \$50, placed at this low figure to enable every member to subscribe for at least one share.

The subscription papers are in the hands of the committee, and every member is urged to subscribe for at least one share, and thus help to perpetuate the Country Club. Don't wait for the committee to call on you, but indicate at once the number of shares you wish reserved for you. The full amount of stock must be subscribed for by October 10, otherwise the opportunity of purchasing the property upon present terms will be lost. Any member of the committee will give you details.

[For the Roundabout.] TAKE THE MIRROR AWAY.

Take the mirror away
From my visage of scars.
From the mould and decay
And the blight that abhors.
For it shows not the half
That my conscience hath shown.
And I sigh for a quaff
Of nepenthe alone.
Twit me not with my faults
And my errors and sins.
Open not the wide vaults
Where the skeletons grin.
For I know the grim race
In the shadows that damn—
Let me dream for a space
I am not what I am.
Let me look in your eyes
As I looked at the dawn;
Let me see the blue skies
With the veil of night drawn;
Let us walk for an hour
In the beautiful past.
Let us seek the lost bowers—
We shall find it at last.

GROUND WATERS OF FRANKLIN COUNTY.

Mr. George C. Matson, of the Hydrographic Branch of the United States Geological Survey, has been in Franklin county this week, making a thorough study of the local ground-water conditions. An investigation of the water resources of the entire Bluegrass Region has been in progress this summer, and a large amount of valuable information has been collected. As soon as practicable after completion of the field work, the results will be embodied in a report which will be obtainable free of charge on application to the Director of the Survey, at Washington, D. C. This report will avoid, so far as possible, the discussion of technical questions and will contain detailed information concerning the source, quantity and quality of the available ground waters throughout the area.

I.
"Hush, dear one, this is holy ground
On which we stand. Lower thine eyes!
These vernal garments dye
With colors brown, and touched with gold,
Were burned by pride—
To sacred ash heaps! While desires of old—
Have vanished with the pleasures of surprise.

II.
"Look all about us on sweet nature's face,
Framed in by clouds. The sky is blue!
An artist hand superior in its grace
Painted the landscape in its royal hue
Giving us storied pictures of lost Memories art—
Ere we shall part.

III.
This day, dear one, is but the end
Of the beginning. God's promise covers
All the future years of each sad life;
Shall each not prove as faithful
As our Mother Earth?
Each heart responding to the name of friend?
Each loyal to the county of birth!

VI.
My faith in you shall conquer
Every fear. My hope in you shall
Overcome the same. My love and
Prayers go with you everywhere,
In vigil soft, in silent lonely hours
Memory shall breathe your name
As fragrant flowers.
